The Director, Social Welfare is the Member secretary of the Task Force and the Secretariat is based in the office of Directorate of Social Welfare. Based on the National Standard Operating Procedure (SOP) for Repatriation of Trafficked Child Victims between Bangladesh and India developed by Ministry of Home Affairs (MHA), the role of the West Bengal Task Force and guidelines for rescue, return and repatriation has been drafted.

The overall objective of the West Bengal Task Force against Human Trafficking is to counter trafficking in human beings through preventive and protective activities.

The Task Force shall carry out the following activities:

- (i) Shall coordinate activities of Govt. Departments and Agencies regarding implementation of Policies involving the inter-state trafficking in persons to engage in efforts to facilitate cooperation among States/UTs involved as an origin, transit, or destination. Such effort shall aim to strengthen local capacity to prevent trafficking, generate awareness among community and all other stakeholders regarding risks of trafficking, cross-border mobility and necessary steps to be taken to prevent the same, prosecute traffickers and assist trafficking victims, and shall include initiatives to enhance cooperative efforts between destination and origin states/UTs.
- (ii) Monitor the progress of the repatriation of rescued women and children to the State/UT/Country of origin. It shall also monitor the progress of prosecution of traffickers.

- (iii) Measure and evaluate progress of the AHTUs in the areas of trafficking prevention, protection, and assistance to victims of trafficking, and prosecution and enforcement against traffickers.
- (iv) Update procedures to collect and organize data, including significant research and resource information on human trafficking. Any data collection procedures established under this subsection shall respect the confidentiality of victims of trafficking. A proper MIS to be developed showing real time data on status of rescued children until the date of repatriation.
- (v) Engage in consultation and advocacy with Governmental and Non-Governmental organizations, among other entities, to advance the goal of Human Trafficking prevention.
- (vi) Formulate a policy for rehabilitation of rescued and repatriated children (from Bangladesh to India) and ensure necessary convergence between different government departments, PRIs and NGOs for the same.
- (vii) Facilitate/Initiate through competent/appropriate redressal authority, thorough investigation in case of any report of misconduct or violation of human rights and child rights by any of the agencies responsible for rescue and repatriation.
- (viii) Review existing safety protocols for children during rescue and repatriation and provide necessary suggestions for improvement.

The procedure to be followed is as follows:

1. A child/woman victim/potential victim of cross border trafficking is rescued by the Police, Border Security Force (BSF), CHILD LINE, Non-Government Organization (NGO) and immediately after a foreign national is apprehended on charges of human trafficking, a detailed interrogation/investigation should be carried out to ascertain whether the person concerned is a victim or a trafficker.(vide Ministry of Home Affairs Advisory dated 1.5.2012 No.14051/14/2011-FVI)
2. The child is produced before the Child Welfare Committee (CWC) within 24 hours and sent to any Children's Home run by government or NGO. ## **Annexure VII : MHA Advisory on Preventing and Combating Human Trafficking in India dealing with Foreign Nationals**

**MOST IMMEDIATE**

**No. 14051/14/2011F.VI  
Government of India  
Ministry of Home Affairs  
(Foreigners Division)**

Dated 1st May, 2012

### **OFFICE MEMORANDUM**

Sub : Advisory on preventing and combating human trafficking in India dealing with foreign nationals.

The undersigned is directed to refer to this Ministry's Office Memorandum No. 15011/6/2009ATC (Advisory) dated 09.09.2009 on the above mentioned subject (copy enclosed). It has come to the notice of this Ministry that foreign nationals are associated in some instances of human trafficking among women and children.

2. Further to the detailed procedure outlined in the above mentioned Office Memorandum, it has been decided with the approval of the competent authority that in cases of foreign nationals who are apprehended in connection with human trafficking, the State Governments/UT Administrations may follow the following procedure :
  - (i) Immediately after a foreign national is apprehended on charges of human trafficking, a detailed interrogation/investigation should be carried out to ascertain whether the person concerned is a victim or a trafficker.
  - (ii) The victims and the persons actually involved in human trafficking should be treated differently by the police authorities. This is in line with the SAARC Convention which advocates a victimcentric approach.
  - (iii) Missions/Posts in India may be informed of the arrest/detention of the foreign national by the concerned state or other authorities through CPV division in the Ministry of External Affairs(MEA) or the concerned territorial Division in MEA.
  - (iv) It is seen that in general, the foreign victims of human trafficking are found without valid passport or visa. If, after investigation, the woman or child is found to be a victim, she should not be prosecuted under the Foreigners

Act. If the investigation reveals that she did not come to India or did not indulge in crime out of her own free will, the State Government/UT Administration may not file a charge sheet against the victim. If the chargesheet has already been filed under the Foreigners Act and other relevant laws of the land, steps may be taken to withdraw the case from prosecution so far as the victim is concerned. Immediate action may be taken to furnish the details of such victims to the Ministry of External Affairs (Consular Division), Patiala House, New Delhi so as to ensure that the person concerned is repatriated to the country of her origin through diplomatic channels.

- (v) During the interim period, pending repatriation, the victim may be taken care of in an appropriate children's home, or "Ujjawala" home or appropriate shelter home either of the State Government concerned or of any NGO aided by the Government of India/State Government.
  - (vi) If the investigation reveals that the person is actually a trafficker, he/she may be chargesheeted under the Immoral Trafficking Prevention Act and the Foreigners Act and due process of law should be followed in such cases.
  - (vii) In order to ensure better conviction rates of perpetrators of the crime of trafficking, prosecution should be based on documentary, forensic and material evidence. State Governments are advised to encourage the law enforcement agencies to investigate the cases in a manner that they are able to build fool proof cases against the traffickers, so that convictions can be guaranteed. Use of fast track courts and video conferencing to the extent possible also need to be ensured. Please refer to para 7 of the enclosed Advisory dated 9.9.2009.
3. All other instructions contained in this Ministry's Advisory dated 09.09.2009 including reporting to the Anti Human Trafficking Nodal Cell in MHA will be applicable in the case of foreign nationals associated with human trafficking, whether they are women or children (children means both boys and girls upto 18 years of age).
  4. You are requested to issue suitable directions to all concerned under intimation to this Ministry.
  5. The receipt of this Office Memorandum may kindly be acknowledged.
